

Kozane® Pro

Art. 500.3503

Kozane® Pro is a lightweight, cut-resistant fabric designed to provide an effective combination of protection, flexibility and comfort. It offers high levels of cut, abrasion, puncture and tear resistance while remaining breathable. Its soft bottom layer provides additional comfort, making the fabric particularly suitable for protective garment applications.

EN 388: 2016	Level	Ratings
Abrasion resistance	2	1,890 cycles
Tear resistance	4	301N
Puncture resistance	3	168N
Cut resistance	F	33.1

ANSI ASTM F2992-15	A6	3,743g
--------------------	----	--------

OEKO-TEX® STANDARD 100 – Product Class II (intended for direct contact with the skin) **White version only

Weight/surface density	345 g/m2
------------------------	----------

Roll width	1.98m
------------	-------

Roll length	18m
